

Quotation form instructions

Option 1 - Standard Range: Steel Design have an extensive range of standard products which can be individually installed or coupled together on-site to enable literally thousands of design options. The range has been developed to offer a more efficient and cost effective option. If you appreciate the unique characteristics of steel frame windows and doors but would rather not pay the premiums associated with custom designs and sizes, then this option is for you.

From product list

Size 1037 x 963 Code **L1ED**

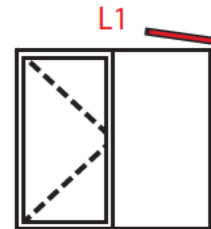

Quote form

Qty	Code	Glazing type	Finish Powder Coated
1	L1ED	Single <input checked="" type="checkbox"/> Double <input type="checkbox"/>	Yes <input checked="" type="checkbox"/> No <input type="checkbox"/>

For this option all you need to do is simply copy the code number to code field of the quote form and then tick glass type and paint finish.

Option 2 - Standard Range design with custom sizes: The next best cost effective option is to choose standard designs from our product range but specify your custom sizes. This generally has a 20% overhead associated with the option.

From product list

Size 1037 x 963 Code L1ED

Quote form

Qty	Code	Glazing type	Finish Powder Coated
1	L1 1200 x 1500	Single <input checked="" type="checkbox"/> Double <input type="checkbox"/>	Yes <input checked="" type="checkbox"/> No <input type="checkbox"/>

For this option you need to copy the design code to code field of the quote form with the custom dimensions (W x H) and then tick glass type and paint finish. Please note the design of the window or door will still conform to the original specifications of the unit. Eg - panes equal spaced, door box housings, number of panes, window and door hardware etc.

Option: 3 - Custom Design: This is where we are provided with a window and door schedule detailing to us your custom window and door requirements in both design and size. This option requires cost premiums associated with custom detailing and manufacture and should only be considered if none of the standard range products or designs suit your particular requirements. On the quote form please remember to include the job address, contact details, glazing type and finish.

Note: All quotes require job address and contact details or they will not be processed.

How to submit quotes: Completed quote forms and window and door schedules can be scanned and emailed to quotes@steeldesign.com.au or faxed to (03) 95298393.
